

Client Onboarding Checklist

Run this the moment a deposit clears. Target: client fully set up and first content day booked within 14 days. Owner = Account & Content Lead (the Conductor).

Client / Practice	_____
Primary contact	_____
Email / phone	_____
Tier	Foundation / Growth / Authority
Deposit paid	_____ (\$1,500 reserves slot, content day & launch pricing)
Start date	_____
Content day (date)	_____
Owner (seat)	Account & Content Lead

1 · Pre-Kickoff (within 24 hours of deposit)

- ☐ **Send welcome email + receipt and confirm the reserved slot**
- ☐ Create client folder in Google Drive (Raw / Edited / Brand / Approved)
- ☐ Create client vault entry in Bitwarden for shared logins
- ☐ Add client + deal to GoHighLevel pipeline; move stage to 'Onboarding'
- ☐ Send the intake form (links below) and brand-asset request
- ☐ Schedule the kickoff call (30 min) and the content day

2 · Access & Logins

Collect via Bitwarden — never over email or text. Request admin or editor access, not the client's personal password where a team seat exists.

- ☐ Instagram (Reels) — login or added as collaborator
- ☐ TikTok — login or team access
- ☐ YouTube (Shorts) — channel manager access
- ☐ LinkedIn (Authority tier only)
- ☐ Meta Business Suite / Buffer connected for scheduling
- ☐ Confirm 2FA recovery method is documented in the vault

3 · Brand Kit & Assets

- ☐ **Logo files (PNG + vector)**
- ☐ Brand colors (hex) and fonts

- ☐ Existing photos / b-roll / past videos
- ☐ Tone & voice notes — what they will and won't say
- ☐ Treatment / service list with correct medical terminology
- ☐ Compliance no-go list (claims they cannot make)
- ☐ Build the Canva brand kit (colors, fonts, caption templates, thumbnail templates)

4 · Strategy & Content Plan

- ☐ **Confirm target client & the 'gap we fill' (premium, well-reviewed, invisible on video)**
- ☐ Agree the content pillars (Education, Myth-Buster, Demo, Patient Result, FAQ, etc.)
- ☐ Set platform mix per tier (Foundation 1+repurpose, Growth 2-3, Authority all + LinkedIn)
- ☐ Set monthly volume (Foundation 12 / Growth 20 / Authority 30+)
- ☐ Draft first 20 video concepts in the Content Production Tracker
- ☐ Confirm posting cadence (~5/week) and best posting windows

5 · Content Day Logistics

- ☐ **Confirm date, location, and on-camera talent (provider)**
- ☐ Send shot list & talking-point prompts in advance
- ☐ Equipment ready: phone, \$30 tripod, clip mic, lighting check
- ☐ Wardrobe / setting / signage guidance sent
- ☐ Plan to film a full month (20+) in one session
- ☐ Backup: footage uploaded to Drive same day

6 · Systems Setup

- ☐ **Stripe / PayPal subscription set to monthly tier price**
- ☐ Recurring invoice / billing date confirmed
- ☐ GoHighLevel calendar + pipeline live for this client
- ☐ ROI report template duplicated and labeled for this client
- ☐ Engagement window scheduled (daily comments & first-reply DMs)

7 · Kickoff Call Agenda (30 min)

- ☐ **Re-state the promise: booked calendar + bought-back time, no ad spend**
- ☐ Walk through the 90-day arc and what month 1 looks like
- ☐ Confirm content day and what they need to prepare
- ☐ Set expectations: they film once/month, we run the engine
- ☐ Restate the guarantee (satisfaction-based on quality — never an income promise)
- ☐ Agree the monthly ROI report + call cadence

8 · Week 1 — First Proof

- ☐ **First batch edited in CapCut and polished in Canva**
- ☐ QA pass against the brand standard
- ☐ Client approval on first 3-5 videos
- ☐ Scheduled in Buffer / Meta Suite
- ☐ First post live — overdeliver early
- ☐ Move GoHighLevel stage to 'Active / Delivering'

"Where focus goes, energy flows."
